Highlights

The school facilities projects have centered on our high school needs to complete a computer lab that would accommodate 30 students at a time. We now have completed the conversion of a classroom into a computer lab along with installing an HVAC system. The computer server room has also been remodeled to accommodate additional servers and provide additional computer technology storage.

Our entire district certified teachers now meet the requirements under the No Child Left Behind federal legislation. Additionally, the entire certified teaching Staff meet our Idaho teacher certification requirements.

All of our district's students are meeting Adequate Yearly Progress utilizing the Idaho Standards Achievement test, except for our elementary students identified as economically disadvantaged in the subject area of reading. The elementary school staff is using the Academy of Reading Program to provide additional tutorial assistance for these students.

Progress Towards Meeting Goals

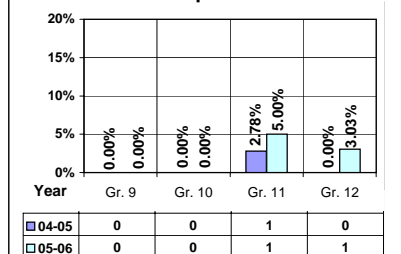

2005-06 Goals	Progress
